

Request for Provider

A young gentleman living in Findlay, Ohio desires to share services with another individual who also receives IO waiver residential services. His diagnosis is Mental Retardation. He ambulates independently and enjoys being very active in the community. When not receiving day services he will require residential staffing.

Areas of need include: Assistance with medical appointments, housekeeping, home maintenance, shopping, meal planning and preparation, laundry. Minimal assistance needed for personal care/hygiene. Transportation services are necessary.
