Additional Comments:

What other services does the consumer need/want?

Emphasis on transportation to/from community employment jobsite(s) due to my reliance upon the income; there is a possibility of this being on an on-call basis. Also, there is an emphasis on the need to live with other individual(s) to share services due to my waiver being a Level 1. Banking assistance, community outings, recreation and leisure, assistance with change of address, assistance with voting, transportation to appointments and activities, assistance with shopping, prompts with appropriate clothing selection for weather, reminders with personal care, assistance with meals that require more complex cooking knowledge, assistance separating clothes for laundry
