

Are you the person I'm looking for?

I am a 51-year-old woman who lives in Findlay, OH

I need a provider to help me with:

Getting out in the community. I am very independent but need assistance with transportation, finding volunteer opportunities and planning outings. I like to have fun! Thinking of things to do is sometimes difficult, especially with my mobility issues.

Some of the things that are important to me are:

Crafts. Shopping. Playing on my tablet or playing board games. I like volunteering and would love to find a way to work with the older population or other individuals with disabilities.

Some of the things that are important for me are:

My medications and to check my blood sugar regularly. To be able to take rest breaks when out in the community, as walking long distances is hard on me. To have the time to build a relationship with someone.

Who?

A female provider that enjoys spending time in the community and finding fun events to participate in!

What?

Level 1 Waiver Funding. Individual is looking for around 10 hours per month but is flexible with days and times. Ability to provide transportation in the community is required.

How?

General Supervision is needed when in the community. Individual has medical risks including diabetes and experiences issues with gait when walking long distances. Assistance is needed with transportation and community engagement.

When?

Individual is very flexible with the days/times of services. Would like to coordinate provider services on days that there are community volunteer opportunities so that she can have transportation.

Interested?
